

AGRICULTURAL COMMISSIONER ONLINE

PURPOSE

This function allows agricultural commissioner offices to have access to seed certification records for each company handling certified seed within their county. These records include:

- Field applications
- Field maps
- Seed lot information
- Field Inspection Reports
- Seed Inspection Reports
- Reports of Analysis

California Crop Improvement Association

Mission Statement

The California Crop Improvement Association (CCIA), a nonprofit corporation, is officially recognized as the seed certifying agency under the California Seed Law. The mission of CCIA is to provide services and support research that promotes the improvement, production, distribution and use of superior quality seeds and other agricultural products.

SEED TRANSFER CERTIFICATES

Seed Transfer Certificates are used for the movement of untagged seed between states, countries, counties, and within counties. Currently, access to Seed Transfer Certificates is not available online. This function will be available in the future.

Please note:

- Inter-agency (state) transfers can be used to ship seed to any AOSCA member agency outside of California, including members outside of the United States. Click here to view a [list of member agencies](#).
- Inter-county transfers are movement of seed between different counties within the state of California.
- Intra-county transfers are movement of seed within a given county of California.
